Other EQE 2022 material: model solutions, reference books

L-book (Basic Legal Question for Pre-Exam and Paper D)

An essential part of EQE preparation is to practice applying the law by answering many questions. Using our many years of experience, we have prepared about 500 questions that cover the core subjects that candidates may need to deal with at the EQE. About 100 of these are provided in a True/False format, so that Pre-Exam candidates can practice answering such questions, and test their progress in an efficient manner. The answers provide an explanation why the answer should be True or False, together with the relevant legal basis for further investigation. The majority of the questions is provided as open questions because this allows reasoning and correct application of the law to be checked when preparing and learning. The exact place where the reasoning fails can then be identified.

This book also contains a Study Guide.

Reference books

The DeltaPatents [webshop](#) also provides:

- **“References to the European Patent Convention”** by Jelle Hoekstra
- **“The Cross-Referenced Patent Cooperation Treaty”** by Cees Mulder, and
- **“Topic-Related Index to the EPC and PCT”** by Cees Mulder.

Section 2. Calendars

Notice from the Examination Board dd 19 November 2021

The Examination Board published a Notice which supersedes the notice from the Examination Board dated 18 July 2013 concerning the use of calendars (i.e., supersedes the Notice shown in the Book).

For EQE 2022, no calendars will be provided with the examination papers anymore!!!

You will need to take the EPO closure dates from the OJ (accessible via External Resource in Wiseflows, and you will need to bring a list or calendars showing on which dates Saturdays and Sundays fall in 2020, 2021 and 2022.

19 November 2021

Notice from the Examination Board for the European qualifying examination (EQE)

Calendars are a necessary tool for calculating time limits, in particular where Rule 134(1) EPC, first sentence, applies. According to this provision, time limits expiring on a day on which at least one EPO filing office is not open for receipt of documents (closing day) are extended until the first day thereafter on which all the filing offices are open for receipt of documents and on which ordinary mail is delivered.

As of the 2022 examination, the practice concerning calendars will change: calendars will no longer be provided to candidates as part of the examination papers for the pre-examination and Paper D.

A notice listing the dates on which the EPO filing offices are closed is published each year in the Official Journal. For the purposes of applying Rule 134(1), first sentence, EPC and Rule 80.5 PCT, candidates should refer to the relevant notice on EPO closing days. They will be able to access the EPO website for this during the exam.

Candidates are allowed to use their own calendar to identify dates falling on a Saturday or Sunday.

This notice supersedes the notice from the Examination Board dated 18 July 2013 concerning the use of calendars.

For the Examination Board
The Chairman

Nicolas Favre

Section 5 – pre-exam papers

Pre-Exam 2014 - Question 2

The date at the end of the first sentence shall be replaced by:

European patent application EP-P was filed as a first filing on 1 December 2019 and was published on 3 June ~~2020~~ 2021.

Pre-Exam 2014 - Question 5

The first statement shall be replaced by:

5.1 The renewal fee for the third year for EP-Z is due on ~~30~~ 31 March 2022.

Section 6 – answers and model solutions to the pre-exam papers

Pre-Exam 2014 - Question 3

Add to the answer to the first statement:

- o No exhaustion of priority: the fact that US-1 already claimed priority from EP-1 does not prevent a later application, i.e., EP-2, to also claim priority from EP-1
