We offer a complete range of courses and high quality training material for the EQE. The knowledge and experience gained during more than 15 years of EQE training provides a solid basis for our comprehensive range of training courses in different areas. We offer **Continuing Education of Patent Attorneys** (e.g. patent law update course, a Unitary Patent course, and various IP master classes) across Europe as well as outside. For **R&D** (R&D managers, researchers, developers, inventors, entrepreneurs, IP management, IP coordinators and tech-transfer officers), we provide targeted IP tutorials and several workshops. These can also be organized in-house at your organization, open to other participants or exclusively in-house.

“It was a pleasure to study with such a skilled and nice instructor”

Our **blogs** keep you up-to-date on the EQE, EPO Case law, Patent procedures, Unitary Patent and Patent News.

In 2006 we started **training IP support staff**, culminating in a full training program preparing for the official Dutch Formalities Officers exam. The program includes training modules directed to EPC and PCT formalities. These training modules are offered throughout Europe.

Our training focuses on giving insight and understanding, and ensuring that the acquired knowledge can be practically applied. Unique for DeltaPatents is that we thoroughly train and guide our tutors. For our tutors, training is a profession, mastered by teamwork and frequent involvement in courses. We take feedback of attendants seriously and act on it. For us, quality and customer satisfaction are essential.

DeltaPatents' personal touch

We believe in teaching and treating candidates with a personal touch. You will be trained in small groups, giving ample opportunity to discuss unclear issues in more detail and get personal assistance.

Hospitality is important to us. For participants staying in Eindhoven for courses of multiple days, we organize a social event, such as a dinner or a trip to a local place of interest. We welcome contact (e.g. via e-mail, telephone or video chat) with our tutors to ask follow-up questions, to clarify course materials or to report mistakes.

EQE 2021 – MAIN EXAM

D-LEGAL

8-DAY COURSE

Objective

The course aims at augmenting and deepening the knowledge acquired during the Basic (Pre-Exam) Legal Training to a level required for the C & D parts of the EQE Main Exam.

Who should attend

Candidates who were successful in the Pre-Exam and are preparing now for the next step, the Main Exam. The knowledge from this training is needed to be successful at the Paper D Main Exam.

Course Concept

Legal lectures will be cover legal changes in the EPC & PCT since the Pre-Exam, the more advanced legal subjects such as entitlement, enforcement, and petition for review. The Ancillary Regulations will be covered, as well as a specially selected subset of case law (headnotes of approximately 400 decisions and full text of approximately 60 decisions are provided).

To gain confidence and experience in applying the law, students will have to rehearse the full range of legal subjects guided by a selection of approx. 250 exam-oriented questions. The answers have to be prepared at home and have to be handed in. A selection will be marked individually, and returned with comments and suggestions for improvement. The answers and any unclear subjects will be discussed during the next session.

Practice before kickoff

Candidates will be asked to send in their solution to a DI paper before the 2 introduction days. This paper will be corrected by the tutor and discussed during the introductory session.
